

# Finance Coaching – one to one

Coaching sessions are designed for individuals to increase their depth of knowledge of the financial aspects of the business.

The emphasis will be on discussion and action planning, and there will be a full manual which reinforces the points covered during the sessions.

## **Objectives:**

- To deal with all financial aspects of the business
- To fully understand and interpret financial data
- To make effective management decisions required for the business

## **Programme:**

Specifically designed to the individual needs

**Company financial information would be treated in the strictest confidence.**

## **Duration:**

Two half days - ideally a month apart
